

2011 PRESCRIPTION CO-PAYMENTS

You are responsible for 100% of the cost for your generic, formulary and non-formulary prescription drugs until the deductible is met. You must present your prescription card to receive the wholesale discounts and to ensure your prescription claims are processed against the deductible. Once the deductible is met, prescription drugs are subject to the same co-pays and coinsurance as they have been in the past.

	Monthly Retail	Mail Order (90 day supply)
Generic	\$0	\$0
Formulary	\$25.00	\$62.00
Non formulary	35% coinsurance with a \$40 minimum co-pay	35% coinsurance with a \$100 minimum co-pay
